

# Financial Solutions Provider

Established in 1989, Wyse can secure flexible financial solutions for both the private and public sectors alike. From helping to protect your day-to-day cash flow, to growing your business long term, we can facilitate innovative finance solutions to match your needs.

Our high levels of customer service have helped us become one of the largest independent companies of our type in the UK.

Having expanded from our original roots in IT finance and leasing, we are now able to consider most equipment types and financial needs.

Listed below are just some of the facilities we have arranged for customers in the recent past.
